A new comment has been submitted at socotransmission.com.

COMMENT

Meeting Attended:

Colorado City Scoping Meeting

Important Issues:

Land Use (Agriculture, Residential, Recreation), Noise, Health and Safety, Visual / Aesthetic Resources, Proximity to Residences

Property Uses:

Residential

Comment:

We live on The East Hatchet Ranch in Pueblo County. Please help us protect our wonderful views, pristine environment and quite enjoyment of our property along with our property values. The Hatchet Ranch includes 310 property owners, many of whom own only forty acres. The studies cited regarding health hazards are not current studies. The route that makes the most sense and has the least impact on residences is the 230 kV line corridor just east of the railroad tracks. I would urge you to place the transmission lines there.

Thank you.
